

Toddler Summer Adventures

Our morning classroom welcomes each camper every day with the same warm and nurturing environment that all Brookfield Academy programs provide. Summer camp programs at Brookfield Academy offer engaging indoor and outdoor activities for children. Our summer camp programs group children by age and encourage their growing ability to make choices, work with others, and assume responsibilities – all while providing opportunities for fun, friendships, and exploration. There will be a blend of individual, small and large group activities. The day will be filled with a blend of recreational and creative activities that encourages social and physical development.

Brookfield Academy Summer Camp Adventures is a new summer camp program for our toddler students. Our trained and experienced summer camp teachers work collaboratively to develop fun weekly themes that cover everything from science and cooking to sports and the arts. They use playgrounds, the surrounding communities, and special visitors as an extension of the camp, helping children to discover science, explore nature, and engage in the creative arts, while learning about the vast opportunities in the world around them.

Summer Adventure Areas will include:

- Week 1** → **June 18 - 22 Animal Tales:** What child is not fascinated by animals? Learning about wildlife helps children understand the balance in our ecosystem. The broad Animal Adventures theme includes opportunities to incorporate many different kinds of critters – big and small, wet and wild.
- Week 2** → **June 25 - 29 Express Yourself:** The arts provide unlimited ways for children to express their individual personalities. We will encourage creative expression through a variety of mediums.
- Week 3** → **July 2 - 6 All About America:** Celebrating our great country through art, food, song, dance and festivities.
- Week 4** → **July 9 - 13 Around the World:** The world is a mighty big place; help kids get to know it. Explore different cultures, discover similarities and differences, plan exciting adventures, and get to know the community right in your own backyard.
- Week 5** → **July 16 - 20 The Great Outdoors:** Summer gives us time to connect children with nature. There is so much to explore and learn about.
- Week 6** → **July 23 - 27 Fun and Fitness:** Outdoor time; extra daylight, warm temps...summer makes it easy to live healthy, to be active, and eat well. Run, play, and create magical moments relaxing under a tree with a healthy, delicious meal prepared together.
- Week 7** → **July 30 - Aug 3 Science Lab:** Children are natural experimenters. Delight them in our Science Lab with hands-on experiments and their very own discoveries about space, water, weather and textures.
- Week 8** → **Aug 6 - 10 Disney Magic:** Who is your favorite Disney Character? Well, get ready to represent them this week with our Disney theme! Come dressed as a Disney Character, sing Disney songs, and explore the magic of Disney.
- Week 9** → **Aug 13 - Aug 17 Rockin' Beach Party:** We don't have a beach, but we know how to throw a rockin' beach party! We will have a week of water fun. Oh, don't forget about our Beach Party extravaganza on Friday!
